

World Stamp Exhibition 2021 in Germany!

The Bund Deutscher Philatelisten (BDPh) is organising the international stamp exhibition IBRA in Essen from 6 to 9 May 2021. Events include the 75th anniversary of the BDPh and the 150th anniversary of Deutsche Reichspost, the first uniform postal administration in Germany.

It is planned to hold the IBRA as a specialized FIP world exhibition with the classes Championship Class, Traditional Philately, Postal History, Thematic, Open Philately and Picture Postcards. A large literature class is also to be integrated. In addition, an application is made to the FEPA for recognition of the results.

10,000 square metres are reserved for IBRA in Halls 1 and 2 of Messe Essen, which can be reached at ground level via the foyer of Messehaus Süd. If required, the area can be easily extended. At the same time the 31st International Stamp Fair Essen takes place.
